

# Union Middle School 6th Grade Art Vistas

## 6th Grade Art Vistas Review:

1. There are three sets (or projects) for the year.
2. Parent volunteers (or docents) come in during their child's Social Science/ Math class period times for each lesson/project.
3. Each set is done in one day and includes an easy to follow slide show for the lesson (done during the first of the two period class), then followed by the project, (done during the next period).
4. The three sets follow the Social Science Curriculum –  
Set A - Cave Art,  
Set B - Egyptian Art  
Set C - Greek and Roman Architecture.

We try to line up the lessons/project during the time the material is being taught in the classroom. This usually puts the Cave Art lesson at the end of Sept. Egyptian Art lesson in early to mid-January, and the Rome/Greece Architecture at the end May/early June. See schedule for specific dates.

5. Unlike elementary school, there is no Art Show for Art Vistas in middle school. Students usually take their project home that day.

## Supplies:

1. All lesson materials, slide show, project supplies and instructions are provided.
2. Supplies are located in the staff copy room at Union (in the main office) on a cart just to the right as you enter the room.
3. There are labeled bins for each set that is shared. In each of the bins you will find:
  - a. A folder with the lesson materials, project instruction and a CD of slide show
  - b. All supplies required for the project
  - c. An envelope with samples of the project for that set

## On the day of the lesson/project:

1. The parent volunteers (or docents) for the first period class for the day a set is scheduled need to get the cart from the staff copy room with the supply bin and roll it into the classroom. The cart can be kept in the classroom until all classes have finished the project.
2. The docent doing the last "two period session" for the day needs to make sure all supplies and materials are back in the bin, and roll the cart back to the copy room for the next class using the supplies the following day. Remember, we all share the supplies. So please make sure everything is back in order when returning the cart. Thank you!
